Please describe your family's homeschooling experience.

Why are you looking for a homeschooling community or for a new homeschooling community?

What are your homeschooling goals? How do you see our community helping you to meet those goals?

All members take part in serving the Ad Meliora community, with roles depending on your track. Drop-off families provide smaller supporting help, while stay-on-site families take on larger responsibilities. With your background, experiences, and interests in mind, how do you see yourself serving in the Ad Meliora community? Choose any that apply.
